SECOND FLOOR PLAN

NEW CREATION CONSTRUCTION

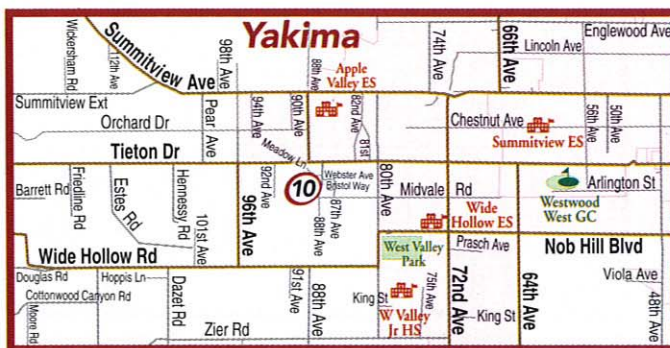

category B

Unique and inviting curb appeal best describes this Tour Home, custom designed by Justin Wolff of New Creation Construction, LLC and Ron Pelson of Traditional Designs. The appealing exterior color scheme, paver driveway, rustic posts and covered porch provide a welcome feeling to this craftsman-style home. Vaulted ceilings with plenty of windows give this 2400+ sq. ft. home an even greater sense of spaciousness. The layout is perfect for family living with a large family room and beautiful fireplace, informal and formal dining rooms, office with decorative French doors, 3 bedrooms, 2 bathrooms, and an additional bonus room over the garage.

New Creation Construction, L.L.C. would like to thank the Yakima Valley for giving them the privilege of being awarded the Category B People's Choice Award for 2002, 2003, and 2004, as well as all of our appreciated homeowners.
