

New Creation Construction

Category B

New Creation Construction, LLC was honored to be involved in the development and construction of this project. Located on prime property in West Valley, no part of this 3 acre parcel was left untouched. Extensive use of pavers gives the circular driveway 1st class appeal, continuing around to the back patio which boasts a custom-designed outdoor wood-burning fireplace. Once inside, distressed hardwood floors run throughout the main living space giving a welcome feel to this 3,500 square foot home. Vaulted ceilings along with huge windows in the Great Room allow for picturesque views of the valley. The kitchen cabinets and Silestone countertops compliment the owner's taste for antiques. The spacious master bedroom is complete with its own sitting room, fireplace and bathroom including all the amenities. An open staircase with catwalk looking over the Great Room, leads to the upper bedrooms, bathroom and bonus craft room. In addition to the home, a matching 2,700 sq ft barn sits to the back of the property with no detail forgotten.
