This, Towell Construction, home is nearly 3,600 square feet with white painted woodwork, tile, and hardwood floors making this house an elegant place to call home. This year's home features tall ceilings throughout as well as an ornate coffered ceiling in the great room. The great room also features a fireplace with two sets of french doors to enjoy the view from either inside the home or under the covered patio. The kitchen is the heart of the home and is open to the great room allowing you to entertain family and friends while preparing meals. The kitchen features double ovens and slab granite countertops which you will see throughout the home. The kitchen is also set up so you can enjoy the informal breakfast area or formal dining.

The spacious master bedroom includes a sitting area for relaxing or watching television and offers a large his and her closet. The master bathroom has a garden tub,

double sinks, and a large tiled shower and matching tile floor. This home features three other bedrooms with two sharing a "Jack and Jill" bathroom. The laundry room is large with plenty of room for hobbies or extra freezers/refrigerators. Upstairs the family room and theater room await with a balcony to take in the view from the upper level. The home features an integrated low voltage system that includes distributed audio, internet, telephone, television and security system. The large three-car garage leaves plenty of room for vehicles as well as storage for anything else you may need.

Talk to us about building your new home. We have plans and lots ready to build on, or we can customize anything that you want.

### MAIN LEVEL

Take Tieton Drive west out of Yakima. Turn left on Stone Road. Turn right on Cook Road. The home is located at 2350 Cook Road.
